Salk Vaccine To Be Given Here In Priority Groupings

Cameron doctors reported that no polio Salk vaccine had been delivered here yet for private patients. They added that the necessary amounts for first and second graders who wished their family physicians to administer had been received.

The local doctors all agreed that a limited quantity for private patients use would probably be shipped here after a government and private manufacturer of salk vaccine conference today. Measures will be taken, at this time, to assure fair distribution of the new antipolio vaccine and eliminate any possibility of a black market.

A representative of the Wyeth Drug Company reported that since it takes approximately 90 days to process the vaccine a more abundant quantity would probably be on the market by June.

It was also the unanimous decision of the local medicals that, until a plentiful supply of the Salk vaccine is available, the vaccinations will be given according to priority groupings. First on the list for private patients are children from 3 to 6 and pregnant

women. Second in line for the shows will be children in the third and fourth grades; third will be those in the fifth through seventh grades; fourth, eighth through the 10th graders and last infants under one year of age and adults, eighth through 10th graders and last infants under one year of age and adults.

One doctor brought out that the vaccine would be given at the lowest possible cost to the patient, probably about \$10.00 for the two shots, so that it would be available to everyone who desired it. In addition, he added, if the vaccine was donated by some organization, as it probably will be, the doctors will give the shots free of charge to children who cannot afford to pay for it.

Dr. John B. Bryson, head of the County Health Unit, stated that reception of the shots by first and second graders in the county has been exceptionally good, with very few absentees.

The final shots will be given today, in the Thorndale school with make-up clinics announced at each school.

He reminded parents that all children who are ill at this time from any disease and are unable to take the shots can come to the Health Unit offices at any time after they are well for their initial shot.

Besides being successful Dr. Bryson stated, the school vaccination program also brought forth more requests from parents who wish to have their children inoculated against polio, which will probably bring the final results up to about 1,000.

When questioned about additional shots, Dr. Bryson reported that since the National Foundation had approximately one-third more serum than anticipated, due to cutting the shots down from three per child to two, that more shots are probably in the offering. The Foundation has not made a definite decision, however, Dr. Bryson said, whether to give the shots to the midgent, who would not be able to pay for shots at any time or to continue the school program through the third and fourth grades

C. Frosch Killed In Alcoa Fire Tuesday, Five Injured

An all consuming blaze started in the Metal Service Department of Alcoa plant in Rockdale Tuesday night, from an undetermined source, which killed one man, Clarence Frosch, 40 years of age, of Lexington, and injured five others.

J. R. Horelica Buried In Marlow Cemetery

Jim Raymond Horelica, 61, died Tuesday morning in the home of a brother at Pettibone, near Cameron, where he had been since leaving a Cameron hospital. He and his wife resided in the Salem community near Milano.

Mr. Horelica had been ill for the past nine months, during that time at intervals was in the hospital.

Born in Lee County, Texas, on March 10, 1894, he had lived most of his life in Milam county, where he farmed.

Funeral services were conducted Wednesday afternoon from Phillips and Luckey chapel, by Rev. P. L. Caperton of Cameron. Burial was in the Marlow cemetery.

Surviving are the wife, five daughters, Mrs. Viola Houston of Freeport, Mrs. Fred Peed, Mrs. Gloria Neely of Cameron, Mrs. Ann Lee of San Louis Obispo, Calif., Mrs. Lois Stewart of Flint, Michigan; one son, Charlie Horelica of San Antonio; six grandchildren, three brothers, Emil Horelica twin of the deceased, Pete, and Frank Horelica of Cameron and a sister, Miss Millie Horelica of Cameron. -Rockdale Reporter.

Plant officials reported they had been unable, as yet, to determine the amount of damage, which was extensive, caused from the fire which started at about 11 p. m. and raged until 2 a. m. this morning when the combined efforts of the Rockdale and Cameron Fire Departments snuffed out the final flames.

Clarence Frosch, the only man killed in the conflagration, was a foreman in the Metal Service Department, where the molten metal is poured into ingots after processing.

The heat of the flames completely destroyed the built-up tar roof of the building and warped the steel framework.

Officials stated that men slightly injured in the fire, who underwent

C of C Committees Outline Full Years Program of Work

Four committees of the Chamber of Commerce have had their program of work for the 1955-56 year outlined with many of the projects underway at this time.

The Highway & Good Roads Committee, headed by E. A. Perrin, have announced that their program of work includes:

1. Encourage Commissioners' Court to let contract on Highway 36.
2. Entertain highway officials with annual appreciation dinner and enlarge invitation list to include construction and maintenance officials.

Other members of the committee are Jack Prescott, Lester Williams Gene Blake, Milton Schiller, A. W. McCullin and Drayton McLane, ex officio.

Six different points were listed by the Crops and Conservation Committee for the year's program of work with John A. Smith, chairman.

They are as follows:

1. Secure Facilities for storage of grain.
2. Continue Cotton Production Contest.
3. Sponsor Milam County Day at 4. Sponsor Milam County Field Blackland Experiment Station in Temple.
5. Encourage fall legume program.
6. Assist in any way possible to control Pink Boll Worm.

Assisting Smith on the committee are O. G. Tumlinson, John Henderson, Frank Bridges, J. D. Moore, Wallace Culpepper, Alva Sanders, Rollan Carr, O. C. Angell Drayton McLane, ex officio.

Sponsor the City "Clean-Up Week April 25 to 29" is one of the projects of work designated by the Health & Sanitation Committee. Dr. George Bowman is chairman of this committee and assisted by Dr. E. O. Smith, Dr. John Bryson, Dr. Joe Parker, Jack Tumlinson, and Dana Kestenbaum, ex officio.

Other points of work include:

1. Encourage City to provide fogging and spraying during summer.
2. Sponsor "Clean-up Week".
3. Encourage City to enforce sewer ordinance.
4. Encourage garbage pick-up.
5. E. C. Cole is chairman of the Publicity committee. Other members of the committee are Dr. George Bowman, John Hays, Mrs. Peggy Florida, Jack Slaughter and Drayton McLane, ex officio.

Their program of work for the year is:

1. Print attractive cover for mimeographed information on Cameron.
2. Investigate possibility of printing picture post cards in color of Cameron.
3. Present project to service clubs to have billboards set up welcoming visitors to Cameron.
4. Publicize Cameron through out-of-town and local papers.

Mrs. Ann St. Clair of Temple was a guest in the home of Mr. and Mrs. A. H. Halbedier last Wednesday.

Mrs. George Logan of Burlington visited in Cameron Monday and attended the Club meeting the Club meeting while here.

Killeen First, Cameron Second In Jr. Interscholastic Meet

Killeen triumphed in the Junior Interscholastic meet at the Ada Henderson Elementary School

Friday afternoon with 28 and two-thirds points in Track and Field events and 47 points in Literary events, for a total of 75 and two-thirds points.

The Cameron youngsters won

Cameron came in second with 18 and one-half points in Track and Field and 31 points in Literary events, making a total of 50 and one-third points.

The Cameron youngsters won

their share of firsts, however during the days events. In the Tennis events they ruled supreme, with Mary Jane Vogelsang and Laura Swift placing first in the girls doubles; Kay Camp winning a first in the girls singles and Jesse Kirk, Jr. placing first in the boys singles.

The girls also won first in the Junior Playground Ball and Rosebud won the Junior Playground Ball division.

Wesley Pratt of Cameron placed first in Pull-ups with E. Roznos of Cameron placing second.

Brantley of Cameron won first in the 50 yard dash in 8.1, with Hearne placing second, Belton a third and fourth.

Belton won the 75 yard dash in 8.8 with Killeen placing second, Rockdale third and Davis of Cameron fourth.

In the 100 yard dash Belton won first in 11.3 with Killeen coming in second, Belton third and Brantley of Cameron fourth.

In the 100 yard dash Belton won first in 11.3 with Killeen coming in second, Belton third and Brantley of Cameron fourth.

Belton won the 440 Relay with the Cameron team, composed of Brantley, Zarosky, J. Kirk and J. Davis, coming in a split second later for a second place. Killeen placed third and Thorndale fourth.

Killeen placed first, second and third in the Shot Put, with Hearne winning fourth place.

Thorndale won the High Jump with a distance of five foot and two inches, Killeen and Hearne tied for second and third places and Killeen and Cameron tied for fourth.

In the Broadjump Rockdale placed first with 17 foot and six inches, Killeen placed second and Killeen and Thorndale placed third and fourth.

In the Literary events Killeen won first in girls declamation with Sandra Smith of Cameron placing second and Rosebud placing third.

Hearne placed first in story-telling with Thorndale placing second and Carol Ann Crook of Cameron third.

Lee Courtney of Cameron won first in the Number Sense event with Belton placing second and third.

Dime Box won the fifth and sixth grade spelling with Killeen placing second and Rosebud third. In the seventh and eighth grade spelling Killeen placed first, Belton second and Ft. Hood third.

Ft. Hood won the Boys Declamation with Billy Hensley of Cameron placing second.

Hearne placed first in Picture Memory with Ft. Hood placing second.

Mrs. Dan Robinson of Milano was a business visitor here Monday. Mrs. Robinson is recovering nicely from a fall she suffered in her home recently.

Pvt. Irvin Ray Whittington, who is station at Fort Carson, Colorado recently made the highest score, 238, in Rifle shooting at the base. He is the son of Mr. and Mrs. Riley H. Whittington of Maysfield.

"Melodies Of Spring" Theme Of Delphian Spring Flower Show

"Melodies of Spring", the theme of the Delphian Flower Show will feature a complete rhapsody of blossoms when it is presented Tuesday, May 3, from 3 until 8 p. m. in the First Methodist Church.

Various divisions of the melodious show will be: I. "Woodchoppers Ball", with original containers featured; II. "Spring in Paris", mass arrangements; III. "Little Things Mean a Lot", small arrangements (not over three inches); IV. "Pretty Baby", arrangements with figurines; V. "Roses of Picardy", rose arrangements; VI. "They Go Wild, Simply Wild Over Me", wild flower arrangements; VII. "Yes, We Have No Bananas", fruits and vegetable arrangements; VIII. "Tiger Rag", for men only; IX. "Lullaby", children's division and X. "Tea for Two", table arrangements.

The Flower Show general committee, composed of Mrs. Carroll Green, Mrs. Cecil Criswell, Mrs. Howard Baskin and Miss Mary Randolph announced that there will also be a complete Horticultural Division, labeled "Voices of Spring". In this division will be featured Annuals, both specimen and collection of blooms, Perennials, Bulbs, Corms, Rhizomes,, Roses and potted house plants.

One of the main features of the show will be a complete array of table arrangements, which will be held in one room.

The scale of points for judging arrangement and table classes set up by the show committee is as follows:

Interpretation, 30 points; Distinction, 20 points; Color Harmony, 20 points, Design, 25 points and Condition, 5 points.

Interpretation means a carrying out the idea given to you in the schedule, such as a certain period, a certain mood, or color harmony etc. It also means suitability of combined materials used to carry out this idea. There must be a harmonious relation between the plant materials, container, busses, accessories and background, if any. All of it should be employed in furthering the idea which you are trying to impart - in other words, the "theme" of the arrangement or table.

Distinction is where the three "I's" come in - Imagination, Inspiration, and Individuality - all should shine forth. It is your personality expressed in your arrangement. It might be obtained by an unusual combination of materials, or an unusually lovely color harmony, an original interpretation or a combination of all of this to create a beautiful, stimulating picture.

Color Harmony - of all materials means that the finished arrangement is wholly pleasing to the eye, with good color graduation and good color balance, not a dominance of one brilliant color but ra-

ther variations of color value and hue with accents of brilliance or darker values. The colors should not be spotted but should flow through the arrangement with perfect rhythm. The colors selected should be appropriate for the purpose of that particular arrangement.

Design includes proportion and balance. Emphasis (center of interest or focal point) and rhythm. Condition means all materials concerned; not wilted, dirty or "buggy" materials - should be well-groomed.

The following awards will be given in both arrangement and horticultural classes.

(in both arrangement and horticultural classes)
Blue ribbon - first place; Red ribbon - second place; White ribbon - second place.

A Sweepstakes Gold Ribbon will be awarded in the horticultural and arrangements classes to the exhibitor with the most blue ribbons. A Tri-Color Ribbon will be given one distinguished arrangement to be selected by the judges.

Planning the elaborate show, which is expected to draw a larger crowd of spectators than any show in past Delphian history, are: Entry and Classification: Mesdames Howard Baskin, Morris Eplen, W. R. Newton, Sr., E. A. Flinn and Miss Sue Butts.

Staging and Arrangements: Miss Mildred Thornton and Mesdames Cecil Criswell, George Childress, Carroll Green.

Placement: Mesdames Alvin Dusek, A. W. McCullin, J. C. Freeman, J. H. Asher, and Rollan Carr.

Judges and Awards: Mesdames Jim McKeown and Dow Eplen and Miss Sue Butts.

Clerks: Mesdames Alvin Dusek and George Childress.

Hospitality: Mesdames F. S. Leosovsky, Ed Gunn, W. A. Robinson, John Solomon and H. L. Green, Sr.

Publicity: Miss Mary Randolph and Mesdames E. J. Burkes and R. L. Batte, Sr.

Solicitation: Mesdames Niley Smith, Herbert Colburn and J. H. Asher.

Childrens Diseases High In Milam

"Childrens" diseases were high on the contagious disease report submitted by the County Health Unit for the week ending April 23. There were 28 cases of chickenpox, 26 cases of mumps and 20 cases of measles.

Strept throat came down quite a bit from previous weeks with only nine cases reported. There were four cases of pertussis two of gonorrhea, one of meningococcal infection and one of actinomycosis.

A man is himself plus the book he reads - Support YOUR Library

U. of Houston Fiesta To Be Featured On Humble T. V.

Action shots of events at the University of Houston's Frontier Fiesta will be featured next week on The Humble Company's TV program, Texas in Review.

The colorful fiestas attracts many thousands to the school's campus each year.

Other Texas events on the program include a meeting of the Vocational Industrial Club of Texas in Waco and the people of Burnet entertaining some 30 foreign students from the University of Texas.

Sunday, May 1, Texas in Review can be seen on KPRC-TV, Houston 10:00 p. m.

Monday, May 2, the program appears on KRLL-TV, Dallas, 6:30 p. m.; and WOAL-TV, San Antonio, 6:30 p. m.

On Tuesday, May 3, Texas in Review can be seen on KTBC-TV, Austin, 7:00 p. m.; KCEN-TV, Temple, 7:30 p. m.; and KANG-TV Waco, 8:30 p. m.

New Wildcat Slated In Milam County Oil Field

Drilling in the Milam County oil field located near Milano is continuing, with the rumor out that by the end of 1955 there should be 100 producing wells in that area.

The newest wildcat slated to be drilled in a 2,000-foot well by R. G. Rice, at the No. 1 Myrick and Janicke, five miles west of Cameron.

Location is 330 feet from the northwest line (Yarrellton-Myrick Road), 670 feet from the southwest line of a 171-acre lease in Jose Antonio de la Pena Grant.

Sharp FFA At A & M Judging Contest

Leland Bean, Garlon Lawrence, Jr. and Charles Schwarz represented the Sharp FFA Chapter at the livestock judging contest at A & M April 16. One hundred and fifty-nine boys entered the contest.

Charles placed seventh and won a medal. The Sharp team placed fifth out of 53 teams and won a banner.

Sharp also entered a land judging team, Marvin Necmec, James Janke, D. C. Drummon, Wilton Robertson, and Bill Daniel. This team placed 12th.

After eating lunch with the cadets in the Duncan Hall, some of the boys attended the A & M-State University game and others attended a high school swimming and tract meet.

Dwight Hine is sponsor and instructor for the Sharp FFA Chapter.

New Date For Cameron Herald Publication

In order to bring the people of Cameron and the surrounding vicinity more timely news, and weekend advertisements on Thursday, the Cameron Herald is setting up a new publication date, which will be on Wednesday of each week.

In order to do this the coopera-

tion of all of the individuals and businessmen is requested. All news for the Herald must be in by Tuesday at 12 o'clock noon and all ads must be in Tuesday as early as possible before noon.

This new date is being set for your convenience and assistance, besides getting your paper earlier in the week, by Thursday at the latest on rural routes, advertisers will get better service through having their specials announced in time for week-end shoppers.

MILAM COUNTY NURSE, Mrs. Ruby Ellen Brown looks on as Dr. John Bryson inoculates first grader James Ray Miller with the Salk vaccine, one of the 930 children in the county who will receive the serum. Preparing another injection is Mrs. F. E. Jackson, Cameron school nurse. Photo by Dr. Geo. Bowman

Know thy Neighbor

—by Martha Speer Kahler

The Salk vaccine is being distributed to Milam County first and second graders here under the supervision of Dr. John B. Bryson, county health program supervisor, and Mrs. Ruby Ellen Brown, R. N. county nurse.

Nine hundred and thirty students in 33 county schools will receive the newly-licensed vaccine under Dr. Bryson's direction and the supervision of Mrs. Brown, a new figure in the public health field, who is executing the county health program with a veteran's skill.

Supervising the inoculation of the children is only one phase of the job of Nurse Brown, a member of the Milam County Health Unit. Her job also requires that she qualify as teacher, administrator and public relations specialist. She is all of this and friend, too, to the needy white, colored and Mexican families of Milam County.

Before joining the Milam County unit in September, 1954, she was

the first school nurse for Cameron Public Schools. Her job is many-phased, ranging from teaching a young colored mother to prepare the correct formula for her new baby to assisting in the current distribution of the Salk vaccine.

The school health program is coordinated by Nurse Brown. This includes annual examinations for county pre-schoolers and diphtheria, typhoid and smallpox immunization for all students. Although not a part of the planned program, Mrs. Brown often provides clothes for children who otherwise could not attend school regularly.

Mrs. Brown makes home visits to crippled children of the county.

She supervises prescribed therapy and arranges regular visits with a Waco specialist. She sees that her young patients are fitted with new braces as soon as others are outgrown.

The county program also includes communicable and venereal disease control.

She works with expectant mothers in the county. The Health Unit provides regular blood tests and pertinent literature. Patients are encouraged to consult with their physicians. And Nurse Brown is on hand soon after a baby is born furnishing clothes if needed and vitamin drops. Colored twins in Rockdale are receiving their first years supply of milk free after Nurse Brown notified a national milk company of their births.

Tubercular suspects, singled out as a result of the free chest x-ray at the mobile x-ray unit in the county early this year, are being contacted this month. Nurse Brown reminds these to check with their

physicians concerning treatment. Funds provided by the county buy medicine for indigent tubercular cases.

Three county newspapers help Nurse Brown to reach those she cannot visit. Releases from the Texas Department of Public Health are published regularly to inform county residents on health and sanitation.

The daughter of Mr. and Mrs. H. C. Spence of Tanglewood hopes to see many innovations in the Milam County health program in the future. Ideas on tap will include well-child conference where mother and children will meet with Dr. Bryson, health unit supervisor and herself to discuss health problems or receive immunization. No sick children will be included in these conferences. Also plans are being made for maternity and mid-wife clinics.

"You cannot accomplish anything immediately," Nurse Brown, a Rockdale resident, believes. "You must work for a period of years before you can look back and realize what you have done."

The mother of a three-year-old son, Mrs. Brown is a graduate of Rockdale High School and the Brackenridge Hospital School of Nursing.

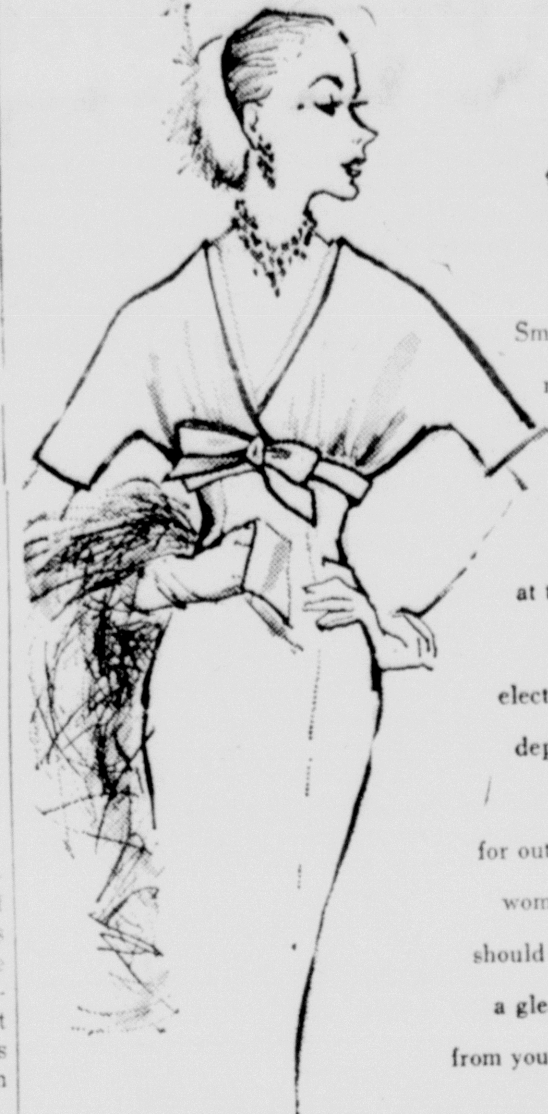

April 29 Last Day To Request Extra Acreage

A. S. C. officials announced today that the final allocating of 1,051.3 acres released by various Milam County farmers would be meted out to those requesting extra acreage during the later part of April. Final date for requests to be placed they stated, is on April 29.

Most farmers will not profit to any extent from the new acres, since requests are in from approximately 10,000 with only 1,051.3 released and no more allocated to this section by the state.

Mrs. Dan Robinson of Milano, a visitor in the city early Monday.

Soil Conservation District News

Supervisors: Edwin Fischer, A. W. Butts, Paul C. Graves, Clarence L. Stock and Hal Hartrick.

Most of our native pastures in this area have been subjected to a similar fate. That is, continuous over grazing in past years has reduced the stand and vigor of the better grasses to such an extent that the pounds of beef produced on an acre of pasture is much less than the land is capable of producing.

J. D. Martin, a Central Texas S. C. D. Cooperator in the Maysfield community, has native pastures that are no exception, but in developing his conservation program he has worked out a grazing and management plan that allows him to defer grazing on the native pastures at the right time. J. D. has about 300 acres of native pasture and about 100 acres of old fields and other cropland. This acreage is divided into fifteen different fields and pastures. Two stock ponds have been constructed in the past year making a total of 5; all located to give the best grazing distribution. In carrying out this soil conservation and grazing program Martin is not only improving his native pasture he is also improving the fertility and condition of the cropland and growing new grasses and legumes in the old fields. While he is doing this he is selling more pounds of beef per acre from the farm.

The main points of his program are pasture fertilization, seeding of proper grasses and legumes and a closely managed rotation grazing program.

Mrs. Denson Crouch Feted With Shower At Sharp Church

Mrs. Denson Crouch, who was Miss Marie Willingham before her recent marriage, was honored with a miscellaneous shower Tuesday

afternoon in the educational building of the Sharp Presbyterian church.

The hostesses were Mrs. J. D. Stephens, Mrs. Marvin B. Weido, and Mrs. Joe Weido.

Mrs. Marvin B. Weido presented Mrs. Crouch with a white carnation corsage on her arrival.

A white and blue color scheme was used.

The refreshment table was covered with a white linen lace cloth over blue.

Miss Beverly Schwarz registered the guests in a white wedding book. Miss Mary Jo Harbus directed the games.

The bride was assisted in opening the gifts by her grandmothers, Mrs. A. D. Willingham and Mrs. Emmett Holder.

About 45 were present.

More Hunt Waterfowl Than Buy Permit

Big game hunters still lead nimrod numerical standings according to calculations by Game and Fish Commission technicians based on a spot check of the last shooting season.

These statistics show that 274,952 persons hunted deer in 1954, while 234,099 hunted waterfowl.

The conclusions were announced by the Assistant Director of Wildlife Restoration following analysis of totals from a special questionnaire sent 7,500 persons who bought hunting licenses.

Percentages obtained through the check were used to estimate the statewide total. The Assistant Director of Wildlife Restoration said this is a standard system used to point up the entire hunting picture.

The results showed that 219,000 persons hunted doves, approximately 200,000 hunted squirrels and about 194,500 hunted quail.

One unusual statistical phase indicated what the Assistant Director referred to "as a substantial discrepancy showing more persons hunting waterfowl than the total of federal duck stamps sold."

He said this difference could amount to "several thousands."

Federal duck stamps cost \$2 each and are required of each waterfowl hunter under penalty of prosecution. The revenue from sale of the stamps theoretically is used to improve waterfowl nesting and wintering habitat.

The survey conducted by the Commission is designed to provide more accurate knowledge of hunting pressure as well as of wildlife harvesting results. The outcome is counted upon by technicians to help determine general regulations covering season length and bag limits.

License Rules For Fishing Clarified

The Assistant Executive Secretary of the Game and Fish Commission pointed out in a statement that persons fishing in private lakes or ponds that are land locked do NOT need a regular individual fishing license.

He said the clarification was made because of numerous inquiries lately.

The Assistant Executive Secretary said the state law specifically exempts from license requirements private lakes or ponds which are NOT subject to overflow to or from a public stream. If the lake is subject to overflow from any public body of water, river or stream, state license requirements apply.

"The apparent intent of the law," he added, "is to permit persons with private lakes or ponds which are NOT restocked from contact LICENSE RULES —

with public waters to avail themselves of the fishing resources without necessity of the usual state

fishing license.

"The principal point apparently involves use of artificial baits, that is so far as the resident individual is concerned, because the state law requires persons using artificial bait to have a regular state fishing license. Persons NOT using artificial bait may fish in their own home counties without a license, under the general state law."

The Assistant Executive Secretary said that until the record drought set in a few years back, there had been a tremendous trend toward creation of private lakes on ponds for personal fishing facilities.

"Our best estimate is that there are upwards of five thousand such lakes or ponds," he said. "These projects naturally have been encouraged on the theory that development of private fishing facilities takes just that much pressure off public waters."

The Assistant Executive Secretary said the fact that some of the private lakes or ponds have been stocked with fish from state hatcheries has no bearing on the personal license regulations.

CYO Has Hayride, Wiener Roast On Batte Farm April 20

Thirty-five members of the St. Monica's Catholic Youth Organization enjoyed a hayride and wiener roast on the Mary Belle Batte farm last Wednesday.

The group accompanied by Rev. Leonard Buxkemper, left Cameron on a trailer furnished by Herman Hoelscher to the Batte residence.

Members later expressed their appreciation to Miss Batte and to the Hoelschers for the use of their property and trailer.

Rev. Buxkemper and Rev. Clyde Holtman of Rockdale accompanied about twenty-five of the members on a roller skating party to Temple Monday night.

The CYO's next meeting will be May 4 when business matters will be discussed. The Organization meets in Simon-George Hall with Pat Moraw, president, presiding.

D. A. R. Met In Baskin Home For April Meeting

The April meeting of the Daughters of the American Revolution was held recently in the home of Mrs. B. J. Baskin. Chapter members and one guest, Mrs. R. G. Grabein, enjoyed a no-hostess luncheon. Miss Aetna Smith was in charge of arrangements for the luncheon. She was assisted by Mrs. J. F. McCrory and Miss Giles McDermott. Lace doilies were used for the place settings and a long, narrow arrangement of Texas bluebonnets centered the table.

After the luncheon a short business meeting was held. Mrs. J. C. Freeman, Regent, called the meeting to order and led in the reading of the ritual.

The Sarah McCalla Librarian, Mrs. B. J. Baskin, brought up the matter of buying additional books for the D. A. R. Library, which is kept in her home. After discussion the members voted to take seven dollars and fifty cents (\$7.50) out of the treasury for this purpose and also that each member would donate money to purchase a book.

QUONSET BUILDINGS ARE PRODUCTS OF GREAT LAKES STEEL CORPORATION

Mrs. Bertha Brewer will be hostess for the next meeting on Thursday, May 3. At this meeting Miss Joyce Wallace of Cameron and Miss Marie Arnold of Rockdale will be guests of the Chapter and will be presented the General Excellence Pin for having won the D. A. R. award in their respective schools.

Flower Show Plans Completed At Delphian Meeting

Delphian club members met in the home of Mrs. R. L. Batte, Sr. Tuesday evening for their regular meeting with Mrs. Batte and Mrs. W. A. Robinson as hostesses.

The six members who attended the District Convention in Bryan last week, Mrs. George Childress, Mrs. Niley Smith, Mrs. Leland Green, Sr., Mrs. Walter Sharp, Mrs. J. C. Freeman and Miss Sue Butts, each gave reports on the district program.

Mrs. Carroll Green then gave a report on the final plans for the Delphian Flower Show which is slated to be held May 3 in the Methodist Church from 3:30 p. m. to 7 p. m. She announced that the theme of the show will be "A Melody of Flowers".

During the program, conducted by Mrs. Howard Baskin, each member presented some old documents or pictures for a nostalgic reminder of earlier days.

Following the regular program two of Mrs. Batte's poems were read by Mrs. Baskin.

At the conclusion of the meeting refreshments of strawberry shortcake and coffee were served.

Among those who reported in March for duty at the Naval Air Missile Test Center at Point Mugu, California, was Charles R. Walson, airman, USN, nephew of Mrs. Thelma Armstrong of 213 E. Second St., Cameron. Before entering the Navy in December of 1954, he attended Yoe High School.

Pfc. Harry A. Rogers, son of Mr. and Mrs. Harry Rogers of 815 N. Central, Cameron, Texas, is serving with the 3rd Marine Aircraft Wing's Marine Photographic Squadron 3, at the Marine Corp Air Station at Miami, Fla.

Former Milam Countian, Hugo F. Horstman Is Named Citizen of Year

Editors Note: The following letter was sent to the Herald by Hugo Horstmann.

"You and I know that I am not vain, and that this tribute belongs not to me, but to the hundreds of boys and girls who have lived here and proven their worth, and to that fine "Cameron born" wife of mine, Lina. God knows how humble it makes one feel when the citizens of a county extend such an honor, this being only our 13th year to live here. Milam County still is my home county, as you know, and the warm hand shakes I enjoy when I come that way makes me understand that it will always be home."

Fraternally,
Hugo

Taken From Weatherford Paper Over 200 persons gave Hugo F. Horstman a standing ovation Monday night when he was presented with a plaque naming him the "Outstanding Citizen of Parler County in 1954" at the annual Chamber of Commerce banquet at the First Methodist Church.

Mr. Horstman is the Superintendent of the Knights of Pythias Home in Weatherford, a position he has held for the past thirteen years. He came to Weatherford from Milam County where he was superintendent of schools, at Buckholts.

Recently Mr. Horstman was elected president of the Superintendents of Homes in the Southwestern States, an organization of fraternal and religious home in eight states.

He is a member of the Knights of Pythias, the First Methodist Church, the Lions Club and the Masonic Lodge.

The citation naming Mr. Horstman the outstanding citizen was read by Mayor Alvah Allen, and cited the recipient for his contribution to Weatherford and Parker

Nancy Martin Will Wed Billy Nabours

Mr. and Mrs. Arthur C. Martin of Temple, are announcing the engagement and approaching marriage of their daughter, Nancy Mae, to Billy Nabours, son of Mr. and Mrs. Homer Nabours of Cameron.

The wedding will take place on May 8, at the First Methodist church in Cameron.

County through his efforts in the Home and in his church work, where he is the District Layman. Mr. Horstman accepted the award by stating that it was actually an award made through him to his 70 sons and daughters at the Pythian Home and to his wife, crediting them with any achievement of his which would be noteworthy.

The awarding of the plaque to the outstanding citizen was the highlight of the annual banquet.

Following the presentation to Mr. Horstman as outstanding citizen, The Rev. Roland Murray introduced Walter E. Long, director of the Texas Legislative Service in Austin. Mr. Long's subject was "Thing Ain't What They Uster Be," and was filled with amusing anecdote, ending on a serious note stressing the importance of community progress.

LITTLE RIVER PHILOSOPHER BAFLED BY GOVERNMENT WORKERS WHO WANTS TO GET BACK TO THE FARM AND REST

Editor's note: The Little River Philosopher on his Johnson grass farm on Little River claims he's behind in his work, a point we certainly wouldn't argue about.

Dear Edtar:

While I was out here yesterday checking up on how far behind I am with my work, there's one

struck me as odd.

According to it, a man in Washington had just been fired

from his government job and, when some reporters asked him what he was going to do next, meaning what other government job would he take, hesaidhewas meaning what other government job would he take, he said he was too tired to be thinking of a job and was "going back to my farm".

I tell you, that man was tireder than he realized.

Anybody who is too tired to work and decides to go back to the farm, just ain't got the same kind I'm used to. No doubt he needs a rest, but most people, confronted with a similar situation, would figure out the place to rest would be another government job.

I know a lot of governmentof-be another government job. I know a lot of government of-

ficials work hard, but ordinarily you just don't hear many government workers sayingthey'dliketo swap their swivel chair for a tractor seat. It's not that there's anything wrong with a tractor seat, they make em now with hydrolic springs and foam rubber cushions, but the atmosphere is different. They just ain't equipped with venitian blinds to shut out the sun and half the time the air conditioner won't work.

When government jobs get to the point where they're harder than farming, I aim to hire me a tractor hand. Up to now, though, point where they're harder than farming, I aim to hire me a tractor hand. Up to now, though, they're still hard to get.

Yours faithfully,
J. A.

Moorman Is New Superintendent In Rockdale Schools

ROCKDALE, April 22 — J. M. Moorman of Hempstead has been named superintendent of Rockdale

schools by the board of trustees. His appointment becomes effective July 1.

Mr. Moorman succeeds W. C. Grissom, who resigned the position early in April after serving four years.

The new superintendent has been head of the Hempstead schools for past five years. He was a coach and teacher in Rockdale high from 1936-1941, serving as principal one year.

Mrs. Max Rinn Feted With Party

Friends and relatives honored Mrs. Max Rinn with a surprise birthday party at her home in Sharp Saturday evening. Guests brought refreshments and gifts.

Guests present were Mr. and Mrs. Frank Kolia, Charlie Brokenbush, Mrs. Betty Henniger, and Miss Daille Brokenbush, all of Rockdale and Mrs. E. J. Rinn, Mrs. Ed Fowler, Elmer Rinn, Miss Louise Henderson, Miss Norma Rinn and Mrs. Will Spiegel, all of Sharp.

WELDON BRIGHT, popular radio star of KGNC says, "My wife has always used light Karo for cooking... and on the table..."

it's Karo for me, the best-tasting waffle syrup of 'em all"

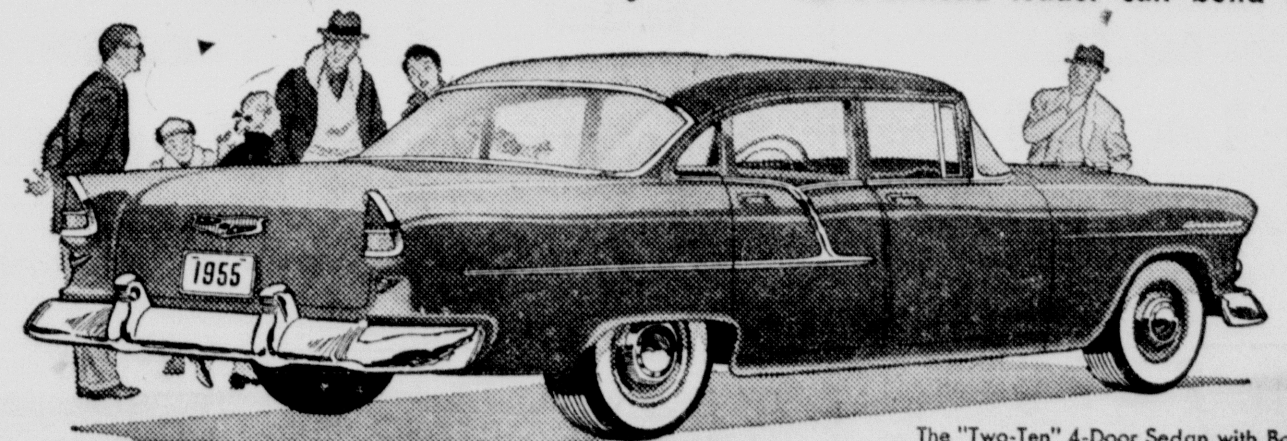

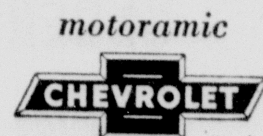

Yes, indeed...biscuits go like hot cakes when you pour on plenty of delicious Karo waffle syrup. There's nothing like it for good eating. Satisfyin' flavor. So rich it stands right up on top of biscuits (keeps 'em light and fluffy). Keep Karo on your table morning, noon and night...it tops anything!

Ask your grocer for Karo waffle syrup, in pints and quarts

Here's why 'Chevrolet out-V8's everybody!

These features and advantages are the measure of a truly modern V8 engine... and only Chevrolet has them in the low-price field. Most aren't even found in high-priced cars. That's why Chevrolet is stealing everybody's thunder with the most modern V8 on the road!

GAUSE NEWS

By Yvonne Partridge

The Gause School Volley ball team has been busy the past two

weeks, three games were played. Against Hearne, Mumford and Milano. Also the team went to the County Meet Friday April 22. The entire school was taken to Cameron for this day of activity and all enjoyed it thoroughly.

The boys softball club have likewise had a busy schedule playing the same schedule as listed for the girls.

A letter received from the Texas Election Agency states that Duval School bus routes to Hearne and Milano Schools will not be approved after this year, therefore only one bus will operate to the high school selected.

The Gause School Board selected Hearne High School at its last meeting as the receiving high school for the year 1955-56.

The next Gause Parent Club meeting will be held at the School auditorium on Thursday night, May 5. Everyone is invited to come and bring a covered dish.

This will be the last Parent Club meeting for 1954-1955. Every one is urged to come because new officers will be elected for 1955 - 1956. Immediately after the business meeting everyone is invited to the lunch room for a little party.

Mr. and Mrs. Foust Grimes, Paula, JoRea and Pam spent two days and nights at the Oris Partridge home.

Mr. Grimes is associated with the Farmers Bank in Colesburg, Iowa. Mrs. Grimes is a sister of Mrs. Partridge.

Mr. and Mrs. Frankie Bud Mathis visited Mrs. Mathis parents this weekend Mr. and Mrs. J. P. Harris.

School will close Thursday night May 19. Judge Graham will be the guest speaker honoring the eighth grade.

Polio shots were given this week to children in the first and second grades of both white and colored schools.

Twenty-nine white and nineteen

colored children were given shots. Correction please: Apologies are extended to Mrs. Peachy Bailey, whose name was omitted from the list of guest visiting Mrs. Leah Webb last week.

Charlie Moore has been in the hospital at Hearne for several days. His son reported Monday that he is improving and expects to be home soon.

Mrs. Allen Varner is in the hospital at Hearne also. Everyone is hoping that she too will be home soon.

The Mother's Day program will be held at the Methodist Church Sunday May 8.

Everyone is invited to come and bring a basket lunch.

If you know any one you haven't seen in a long time, come to Gause on Mothers Day and see them.

Mrs. W. B. Burnett spent Wednesday with her sister Mrs. R. K. Anderson of Cameron.

"Operation Minute Man" Big Success Locally

The National Guard's surprise practice mobilization alert, "Operation Minute Man", lived up to its name as far as the local unit, Battery C, 649th Anti-aircraft Artillery Battalion was concerned when it was called by President Eisenhower on Wednesday evening.

Within minutes after the first radio and television flash came that the alert was in effect the local Guardsmen began converging on the Armory.

The order putting the plan into operation was relayed by Governor Allan Shivers to the Texas Guard units at 1800 hours — 6 p.m. in non-military language. — and

Battery C's mobilization leaders speedily began alerting the local Guardsmen.

By 6:30 twenty officers and men had arrived at the Armory. Half an hour later 37 were present. And by 7:30 sixty seven had reported. Within a short time thereafter, CWO Eugene A. Mees, Battery C's Administrative Assistant stated, the total had risen to 81 officers and men.

One of the quickest arrivals of a Battery C member was made by Sgt. Willie R. Boecker, who reside in Waco. He heard the news of the alert there in that city over the radio at 6:30 p. m. and he arrived at the Armory in Cameron at 7:10, only forty minutes later despite the approximately sixty miles he had to travel to report.

Almost immediately trucks and half-tracks loaded with Guardsmen with carbines slung began to roll away from the Armory to guard vital installations, just as would be the case in a real emergency. Among those were the utilities — the TP&L and Lone Star Gas sub-stations, the S W Bell telephone exchange and Cameron's water purification and pump station. An AA gun and crew was placed near the south side of the courthouse to protect it and other downtown buildings. Other Guardsmen, under the direction of Lt. Charles W. Kunz, took up positions at the Elm Creek and Little River bridges, and patrolled the latter's long span. Another AA gun was set up near the Santa Fe Railroad's interlocking plant for its protection.

During the entire alert a radio net kept the Cameron armory in constant contact with 549th Battalion headquarters in Temple and with other units, in Taylor and Belton. The alert was terminated and the Guardsmen dismissed at 10 p. m. In the opinion of everyone who witnessed it, the surprise mobilization was rated as very successful. Capt. James T. Terry, Battery C's commanding officer, indicated that he was highly pleased with the large turn-out of the local Guardsmen on such short notice, and the smooth, efficient way that the entire alert plan was put into effect.

Senior Class Play "Fraidy Cat" To Be Presented Friday, April 29

The Senior Class Play is to be presented Friday evening April 29. The play, "Fraidy Cat", was written by Anne Coulten Martens, and is a farce-comedy in three acts. The play is directed by Mrs. C. L. Canady.

The cast of characters is as follows:

Matt Smith, Albert Mondrick; Cindy, Joyce Wallace; Grandma Madden, Billie Nell Johnson, Mrs. Abbey, Gloria Weems; Lila, Helen Armstrong; Rosalie, Yvonne Storey Betty, Nita Nabours; Nora West, Frances Michalka; Sam, John Morris Duncum; Roscoe Bassett, Joe Lee Heitman; M. Smithfield Palmer, Wayne Fisher; Extras, Nancy Grabain, and Leon Beale, Stage Managers, Tommy Chamberlain, Joseph Courtney.

Former Cameronite Elected President Of Joslin P.T.A.

Mrs. James Fatheree was elected President of the Jerry Joslin School P.T.A. at a meeting on Tuesday night.

Other new officers are Mrs. Buford Stewart, Vice President, Mrs. Carl Herron, Treasurer, and Mrs. Rufus Lee, Secretary.

After the election a panel of children representing each grade presented a program.

Children participating were Tom Ennis, Billy Yant, Dianne Carlson, Celine Cypert, Don Wiginton, Joe Bowles, James McElroy, and Billie Ross.

Refreshments were served while Kenny Miller played musical selections at the organ. Hostesses were mothers of fourth graders.

Mrs. James Fatheree is the granddaughter of Mrs. A. W. Bickett of Cameron, Route 3. Her mother was the late Elizabeth Bickett Dees and at the death of her mother was reared by her grandmother Mrs. Bickett. She attended C. H. Yoe High School here in Cameron, and after graduation was married to James Fatheree of Burlington.

They have made Austin their home since their marriage, where Mr. Fatheree works for Swearingen-Armstrong Motor Company, as a mechanic. They have two children, James Jr. and Beth who are students in the Jerry Joslin School.

Sgt. Nelson Hurd In Washington Exercise Apple Jack

Sgt. Nelson G. Hurd, whose wife, Ceola, lives at 808 W. Seventh st. Cameron is among 26,000 soldiers Ceola, lives at 808 W. Seventh st. Cameron is among 26,000 soldiers slated to participate in Exercise Apple Jack during May at the Yakima Firing Center, Wash.

Apple Jack will test the efficiency of infantry and support units in mountainous and desert terrain. The simulated use of atomic weapons will be one of the conditions of the exercise.

Sergeant Hurd, a construction equipment foreman in Company D of the 2d Combat Engineer Battalion, entered the Army in 1946 and received basic training at Fort Eustis, Va.

He is a 1946 graduate of Great Bend High School. His mother, Mrs. Nellie K. Hurd, lives at 915 Jefferson, Great Bend, Kan.

M-Sgt. F. Tomek To Work In American Embassy

M-Sgt. and Mrs. Frank Tomek, Jr., of Los Angeles, California are visiting for a few days in the home of his parents, Mr. and Mrs. Frank Tomek, Sr. and other relatives.

From here they will go to New York City where they will leave by ship for Rome, Italy. M-Sgt. Tomek will be Flight Chief for the American Embassy in Rome.

Scholarship Fund For Lee Hyder Continued By Alcoa

The University of Texas and Rice Institute have each been granted a \$500 enrichment fund by the Alcoa Foundation in support of a scholarship the Foundation awarded last year to the son of an employee at Aluminum Company of America's Rockdale and Point Comfort Works.

The 1954 Foundation Scholarship winner from Rockdale is Lee Hyder, son of Mechanical Superintendent Frank Hyder. Young Hyder is now attending Rice Institute. Winner from the Point Comfort Works, Harold Ermy, is attending the University. He is the son of Mr. and Mrs. Earl Ermy. Mr. Ermy is Electrical Maintenance Foreman and Mrs. Ermy is a clerk at the Point Comfort Works.

In the future if a local Alcoa's son or daughter wins an Alcoa Foundation Scholarship and chooses Rice Institute or the University of Texas, an additional \$500 will be contributed to the college.

The Foundation considers the enrichment fund "a dividend to the institution for its investment of effort and facilities in the education of the children of Alcoa Employees. It makes the grant "in the realization that tuition and other student fees do not alone pay the cost of educating college students today."

This year, 40 such grants have been made to 35 American colleges from coast to coast — some of them receiving duplicate grants for having more than one Alcoa Foundation scholarship of this type in effect.

Competing for this years Alcoa

Fundation scholarship from Rockdale plant are Mary Sue Bludworth and Vernell Frosch of Lexington; Melton Drummond, Thordale; James Chaffin, Caldwell; and Barbara Smith, Mary Jo Kederis, Gretchen Hartsock, Robert Walker, and Clinton McAdams, Jr., all of Rockdale.

The graduating seniors competing for the scholarship from the Point Comfort Works are Lloyd Cody, Jr., and Murvel Little, Jr., Point Comfort; Elsie and Margaret Pechacek, Virilene Walker, and Robert Chambers of Port Lavaca; Walter Weakley, Palacios; Tommy Walther, Victoria; Louis Rogers, Lolita; and Vera Holstein, Edna.

The scholarships are available, on a competitive basis, to children of Alcoa employees at all company offices and operations, including wholly-owned subsidiaries, which are located in 36 of the 48 states.

Cameron Falls Again; To Rosebud 3-1

ROSEBUD, April 22—The Rosebud Panthers got only one hit but defeated Cameron 3-1 here today in a district baseball game.

Cameron started Alvin Baggeley who worked the first three innings. John Duncan came on for two and Joe Michalka finished. Baggeley gave up the lone hit.

Six walks and four errors aided Rosebud in scoring the needed runs for the win.

The first American Newspaper was published on April 24, 1794. It was the Boston Newsletter.

American Red Cross for national defense and civilian use.

Mr. and Mrs. W. K. Leonard, Jr. accompanied by Mr. and Mrs. Charlie J. Tomek of Killen, spent the weekend in San Antonio visiting relatives.

Compared with the British inch, the American inch is two millionths of an inch too long; which is the least we Americans have ever stretched anything.

Last year an average of 8,000 persons a day donated blood to the

Truth is a good thing, but you should be careful how you handle it.

MORE BEAUTY!...

Actual photo of Plymouth Belvedere Convertible

MORE VALUE!...

THAN ANY OTHER CAR IN THE LOW-PRICE 3! HERE'S WHY—

Because Plymouth is the biggest car in the low-price 3, and also has the newest styling, you'll see more glamor outside, more luxury inside, when you inspect this great new car.

And when you step inside you'll find more comfort, too, because Plymouth is the roomiest car of the low-price 3. The glamorous new Full-View windshield gives you the greatest visibility of all low-price cars, because it's swept back at the sides.

Now, for the greatest thrill of all, take the wheel and drive the new Plymouth. The

thriftiest, smoothest six of "all 3," the high-compression PowerFlow 117, or the new 167-hp Hy-Fire, most powerful standard V-8, leaps to action at the turn of the key. On the road, you'll enjoy the smoothest ride—the steady, even ride only a truly big car, like Plymouth, can give you.

These are a few of the reasons why value-wise buyers are choosing the big, beautiful Plymouth when they look at "all 3" this year. But why not see for yourself? See and drive a new Plymouth today!

WHY PAY UP TO \$500 MORE FOR A CAR SMALLER THAN PLYMOUTH?

Don't be fooled by the claims of medium-price cars that they cost practically the same as Plymouth. When you compare price tags you'll find that, model for model, Plymouth sells for much, much less than medium-price cars, and gives you more car for your money!

PLYMOUTH

BEST BUY NEW; BETTER TRADE-IN, TOO!

CLINIC REPORT

"What A New Science Is Doing!"

Diabetes:

CASE NO. 158: This woman came to a Chiropractor complaining of 'heaviness' in the limbs, dizziness and marked nervous debility. A diabetic condition was suspected and urinalysis revealed it to be advanced. Spinal adjustments were begun at once to relieve nerve interference between the brain and the pancreas. The first adjustment was successful in bringing considerable relief from the upsetting symptoms, and within a month the patient had recovered her poise and was permitted a nearly normal diet. Today the woman is enjoying excellent health. At no time was insulin administered.

Indigestion:

CASE NO. 223: A lady of 40 years years. Her condition had been diagnosed nervous indigestion, nervousness and irregularity of change. She had a sinus complaint, soreness about kidneys and bladder, arthritis in fingers and frequent headaches which nothing seemed to help. A spinal nerve analysis located nerve interference areas and X-rays disclosed a spinal subluxation causing the defective innervation. Corrective adjustments restored alignment and removed interference to normal innervation. When discharged this lady stated she had no symptoms of any kind, felt just fine and in perfect health for the first time in years.

Exhaustion:

CASE NO. 253: A lady of 40 years was brought to our Clinic from her bed suffering from nervous exhaustion, stomach ulcers, causing great stomach distress, vomiting and pains and fever, long headaches, dizziness, chronic constipation, and a very tender gall bladder. Regular treatments had failed to help her; instead she gradually became worse. Examination revealed a neck vertebra out of alignment causing defective energization and functional disorders. After adjustments restored alignment, this case went to work daily and when discharged she reported no pain or discomforts, all symptoms gone, and normal good health. She was well and happy for the first time in many years.

Female Trouble:

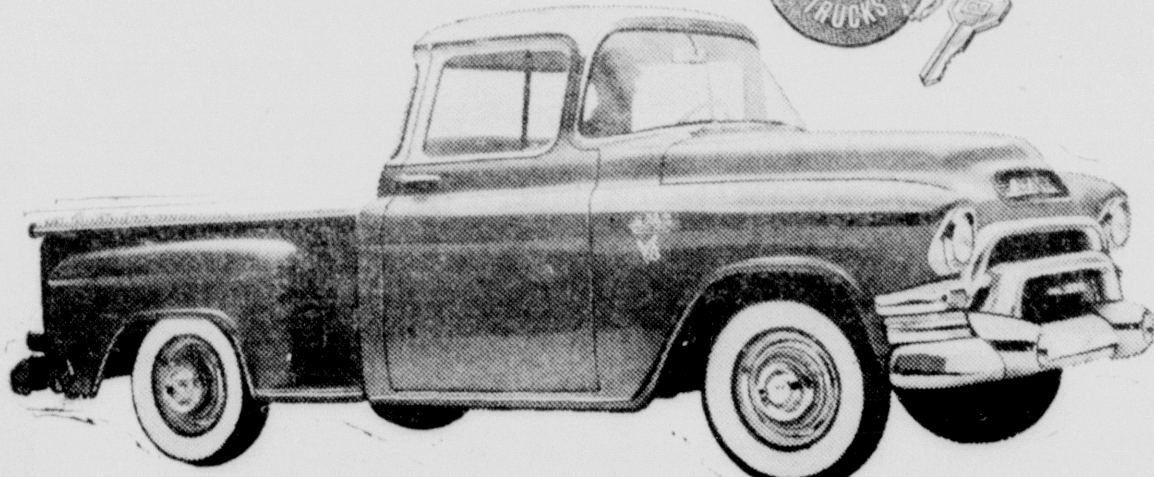

CASE NO. 223: A lady of 26 years complained of female trouble, low abdominal pains, discharge, nausea, dizziness, headaches, constipation, and awakening tired and headachy every morning. Spinal nerve analysis and X-rays made at our Chiropractic Clinic, located a spinal interference to nerve energy flow. Adjustments restored alignment and removed the cause of defective energization.

I want to sincerely thank all of the nurses at Newton Memorial Hospital, Dr. David Shapiro and the many friends and neighbors who were so kind and thoughtful during my recent illness.

Mrs. Delta Luce.

Billy Thompson Returns To California For New Assignment

SR. Billy Billy Thompson has concluded a visit here with his mother, Mrs. Joe Thompson and other relatives and friends.

He has finished his basic training with the U. S. Navy at San Diego, California, and returned to California April 17, where he will be given a new assignment. Before entering the service he attended Yoe High School. He is well pleased with his new job and says the Navy is an ideal phase of the service.

Mrs. C. L. McLendon and three children of Kilgore spent the past week end with her parents, Mr. and Mrs. Gib Terry. The McLendons are in the process of moving to Hobbs, New Mexico to make their home.

Sharp Nine Leads District 55-B Ball Standings

The Sharp High School baseball team of district 55-B is leading the district by one-half game over the Buckholts Badgers. Dime Box is in third place.

Sharp has won four games and lost 2. Buckholts has won 3 games and lost 2. Dime Box has won one and lost 4.

The leading hitters of the Sharp team are Marvin Nemech with an average of .428 and Terry Shelton with an average of .333.

Terry Shelton is doing most of the pitching for Sharp. He has won 4 games and lost 2. His best game was April 13 when he pitched a 2 hit and 14 strike-out in a Sharp-Buckholts game.

Rosebud Rites Held For Mrs. E. A. McClain April 24

Funeral services for Mrs. Evis Askew McClain, 54, were held at 2 p. m. at the First Methodist Church of Rosebud Sunday, April 24, with the pastor, Rev. Leon Peacock, officiating. He was assisted by Rev. P. A. Binford, pastor of the First Baptist Church, Rosebud.

Burial was made in the Powers Chapel cemetery near Rosebud with Green Funeral Home of Rosebud in charge of arrangements.

Mrs. McClain, who was a member of the Rosebud junior high faculty for the past three years, died in a Rosebud hospital Friday at 11:55 p. m. following a short illness.

She was born in the Baileyville community, Milam County on August 9, 1900 to the late Mr. and Mrs. William H. Askew of that community.

Surviving her are two sisters, Mrs. B. C. Nabers of Rosebud and Mrs. J. M. Carlton of Shevport, La.; and two brothers, Henry F. Askew of Tyler and Milton Askew of Baileyville.

Serving as pallbearers were Richard Ellison, Dickie Ellison, Howell Hailey, Ira L. Burns and Ted Ford, of the Baileyville community. Joe Bailey, Charles Bailey of Branchville and Joe Smilie of Rosebud.

Ray Lindsey Drives Boat Through City

By Mrs. George Logan Herald Correspondent

While Mrs. Roy Lindsey Sr., and Mrs. George Logan, Sr., were in Fort Worth last week-end they had an unusual experience.

Mrs. Lindsey's son, EMI Roy Lindsey of the Naval and Marine Training Center had been notified to move a very unique boat built onto a pickup by Eagle Scout boys aged 15 years for exhibition, from the immense Leonard Store through the city to the Naval and Marine Training Center, which he

did as soon as he met his mother and Mrs. Logan in the suburbs at 3:45 p. m. Saturday, April 16.

EMI Roy Lindsey with two Eagle Scout escorts piloted the boat behind the family car drive by his wife with Mrs. Lindsey, Sr. and Mrs. Logan as riders.

He had only a small peep-hole to see his way through the city, there fore followed the car.

The boat was really something worth seeing. The Burlington ladies say it was really a treat to happen into something like that, especially since the pilot is the son of Mrs. Lindsey and a former neighbor of Mrs. Logan at Burlington.

Mr. and Mrs. H. D. Fortenberry and son Alan Wayne have returned to their home in Bogalusa, La., after Mrs. Fortenberry and Alan spent three weeks visiting her parents, Mr. and Mrs. A. H. Halbedier. Mr. Fortenberry came Thursday to accompany his family back home.

Highlights And Sidelights From Your State Capitol

AUSTIN, Texas — Natural gas, trading stamps, cigars, cigarettes, snuff, gasoline, uranium, and beer license fees would be taxable under the bill to provide \$100 million additional state revenue for the next two years.

Revealing sharp difference of opinion over the bill was the fact that it passed House engrossment by a close vote of 74 to 69.

Without surprise, the Legislature found it easier to spend money than to raise it. A few examples:

Universalizing of the teachers retirement system by constitutional amendment was voted by the House.

Governor Allan Shivers asked for emergency consideration by the Legislature of a bill to pay indemnity to owners of sheep and goat destroyed in an effort to halt a scabies epidemic.

Extension of the veterans land program was approved by a Senate committee. (Theoretically, this program is self-financing. The state issues bonds to buy the land, and the bonds are retired as the veterans make payments on their property.)

Requested by the governor was an appropriation to give underprivileged children the Salk polio vaccine.

Proposals were made by the Travis County delegation, that the state sponsor a supplement to state employee retirement benefits in the amount of \$600,000 per year.

Car Dealers Licenses: Seventeen amendments were added in the House before the car dealers licensing bill gained initial approval.

Principal provisions of the bill would:

Make new car dealers pay \$50 for a sellers' license, and used car dealers \$25; prohibit offering for sale as a new car any vehicle that had been driven or towed more than 50 miles; and require dealers to post \$10,000 bond.

Original purpose of the bill, before the amendments were added, was to prevent used car dealers from offering latest model cars for sale as "new" cars.

Trinity Bill Fades:

A big segment of the Texas population lives in the Trinity River

valley. Hopes of those people for an organization to administer flood control, water conservation, and irrigation were dimmed when the Senate Water Committee rejected a Trinity River Authority Bill and sent it to a subcommittee.

Representative Barefoot Sanders of Dallas, who pushed the bill through the House, blamed the railroad lobby for its failure in Senate committee. Said Sanders:

"The railroads, in the final analysis, are responsible for this setback because of the propaganda they put out on the effects of this bill."

Water Bill Falters:

Trouble was ahead for a proposed constitutional amendment rated high on the list of administration-recommended water legislation.

Purpose of the measure would be to let the people vote on whether to authorize \$100 million in bonds to finance water projects of the state.

Passed by the House, the resolution was patched with amendments. The Senate refused to concur and asked for a conference committee.

Veterans Land Probe:

Far from abating, the veterans land investigation was expanding and reaching as far afield as Minnesota.

Cecil E. Burney, special assistant general, told the Senate Investigating Committee that two years ago, when Attorney General John Ben Shepperd was vacationing in Minnesota, he happened to see former land commissioner Bascom Giles.

Giles invited Shepperd to visit his Minnesota farm of 8,600 acres. When the veterans land investigations began, Shepperd sent an investigator to Minnesota.

As a result of that investigation, Burney predicted, the people will hear that money from the veterans land program went to Minnesota to buy land for Texas.

"It is amazing," said Burney, "that some of the same people who were anxious to buy cheap Minnesota land at high prices were the same persons who were anxious to sell cheap land in Texas to veterans for equally high prices."

In The House of Representatives

—by Herman Yezak

April 18-22. The omnibus tax bill was engrossed two minutes before midnight on Monday by a vote of 74-67. The bill is waiting for final passage. The bill includes new and additional taxes as follows:

1. A one-cent tax per gallon on gasoline at the retail level which will make it a five-cent per gallon State tax.

2. A 1½ cent tax increase per gallon on liquified gases.

3. Increase cigarette tax at one-cent per package, except those sold on military bases, and making permanent the one-cent tax that was scheduled to expire.

4. A graduated tax on cigars and also a tax on pipe and chewing tobacco and snuff. These items carry no state tax now.

5. Making the eight per cent tax on natural gas at the wellhead permanent. It was scheduled for a drop to seven per cent.

6. A five per cent tax on trade stamps. This is a new tax.

7. Increase license fees for white slayers and retailers of beer and wine.

8. A five per cent tax on the value of uranium produced in the future.

A tax on the transfer of stocks within the State was abolished by the terms of the Moore Amendment.

It is estimated that the new tax proposal would raise \$51,000,000 in taxes annually.

The Governor submitted three emergency measures to the Legislature this week for consideration and they were: (1) Request one-fourth million dollars to the State Board of Health to process and supply "salk" polio vaccine to children of indigent families and children in State institutions; (2) Making an appropriation to the Livestock Sanitary Commission to pay indemnities to owners of sheep and goats which have been destroyed due to a disease known as scrapie; and (3) An emergency appropriation for the Attorney General's office for prosecuting offenders and violators for fraud in the Veterans Land Program.

A motion was made and adopted to instruct the Rules Committee to report immediately on the lobbyist regulatory bill.

The House approved a proposed

constitutional amendment increasing the retirement benefits a school teacher or college professor may receive under the State retirement program. This amendment is scheduled for a vote at the next general election.

A Senate constitutional amendment providing for a water user tax was approved by the House and it is expected to go to a conference committee for adjusting the differences that exist between the House and the Senate on the measure.

The State Affairs Committee reported favorably on the Unfair Sales Act which is endorsed and approved by the smaller grocers throughout the State.

The Judiciary Committee of the House reported favorably on a statewide judicial redistricting bill. The bill has a remote chance of passing this late in the session.

A bill prohibiting the use of telephone equipment or other electrical devices in shocking and taking fish from the public waters of the State has been passed in both the House and the Senate and was sent to the Governor for his approval.

Some Farmers Must File S S Quarterly Report

Many farmers in Central Texas are asking if they must file a their hired laborers and other employees for the first quarter of 1955. James B. Marley, Austin district manager for the Social Security administration has answered some of the most frequent questions along those lines as follows.

Only certain farmers will be required to file any kind of quarterly returns. They are required only if the farm employers total social 1 to the end of any one of the first three calendar quarters of the year amounts to \$100 or more. Thus the farmer would file a quarterly report only if by April 1, July 1, or October 1, he has paid taxable wages of \$2,500 or more. A farm employee's wages become taxable for social security purposes as soon as he is paid \$100 or more in cash during a year.

Every farmer who will have one or more employees covered by the law in a calendar year is required to file a yearly return in the following January. This yearly return or report will list the names, social security account numbers, and individual amounts of wages for all covered employees.

Any farmer who will have one or more employees who will be paid as much as \$100 in cash wages during 1955 should notify the Director of Internal Revenue, Austin, Texas. Proper reporting instructions can then be sent the farm operator, and the proper reporting forms can then be sent him in ample time for each required report.

Local farm operators may write the Social Security Administration, Austin, for a special farm booklet, "Social Security for Farm Families". Issued as an official publication of both Internal Revenue Service and Social Security Administration, it contains a simple coupon form for the farmer's use in notifying the Internal Revenue office that he has one or more employees who will be paid as much as \$100 cash wages in 1955.

"Bang Up" Summer Bowling League Is Planned Locally

Initial plans for a "bang-up", "Set-up-in-the-other-alley" Summer Bowling League were formulated at an organizational meeting at the Cameron Bowling Alley Monday night.

Dr. John Boyce, who called the meeting of potential bowlers, announced that it looks like, at the present time, there will be approximately 12 teams bowling this summer. There will be two men and two women to each team.

He stated that bowling will begin each evening designated to teams at 8 p. m., with anyone wishing to bowl on a team to contact Emil Hollas, alley manager, at the Bowling Alley, Phone number 1002, after 7 p. m. any evening.

Team captains and members have not yet been announced. At the conclusion of the League a barbecue will be held for all the bowlers.

Service Manager At Grabein Co. Attends Training School

Larry Hackbeil has attended the General Motors Training Center at Houston to learn advanced automotive service techniques which he will use in his work at Grabein Chevrolet Company in Cameron.

He spent 5 days at the Houston school, one of a nationwide network of training centers being set up by General Motors to keep employees of its car and truck dealerships abreast of new mechanical developments and service techniques.

A Service Manager with Grabein Chevrolet Company for 21½ years,

Mr. Hackbeil selected the New Product course, taking advanced study in the all new 1955 Chevrolet features, including the new V-8 engine, Powerglide transmission, power steering, power brakes, over drive transmission, rear axle and suspension system.

R. G. Grabein, head of the company, said he sent Mr. Hackbeil to the General Motors training center to give his customers the benefit of improved service techniques taught there.

The Houston training center, with more than 22,000 square feet of floor space, has six specialized shop classrooms, for use by the Chevrolet, Pontiac, Oldsmobile, Buick, Cadillac, GMC Truck & Coach, Fisher Body and United Motors Service divisions of GM. Each division supplies a highly trained instructor for its courses at the center which is managed by Arnold M. Numbers.

GM officials expect a total of 3,500 mechanics to attend the center each year. Similar attendance is expected at other training centers when they are completed.

Harlow H. Curtice, president of General Motors, explained that the purpose of the centers is "to insure that the people who buy our cars and trucks will continue to receive efficient and satisfying service." He said that "the centers will make it possible for dealer service personnel to keep up to date on a systematic basis with improved service methods and technological advances such as air conditioning, power steering, power brakes and other major improvements."

Chiropractors Will Sponsor Good Posture Week

For the sixth straight year, chiropractors of Texas will sponsor Correct Posture Week May 1-7. Dr. F. L. Charlton of Austin, state chairman, announced this week.

The purpose of Correct Posture Week is to acquaint Texans with the relationship of good posture to good health, Dr. Charlton said.

"Chiropractors are especially conscious of the consequences that follow faulty posture because a substantial proportion of our patients suffer from ills directly traceable to the spine, which is the key to good posture," Dr. Charlton said.

Dr. Charlton has appointed 12 regional chairmen to direct activities in their areas. They in turn have named more than 250 city and county Posture Week chairmen, who are responsible for emphasizing good posture during the period designated Correct Posture Week.

We've never been able to figure out — "When a doctor gets sick and another doctor doctors him, does the doctor doing the doctoring have to doctor the doctor the way the doctor being doctoring wants to be doctoring, or does the doctor doing the doctoring of the doctor doctor in his own way?"

School Calendar Shows Final Term Events

Cameron Public Schools have begun their final six weeks of the school year this week. Activities have been listed by Sanford M. Layfield, principal of Yoe High School for the remainder of the term before final exams take over in the schools.

The band presented their annual concert in Lott Wednesday in preparation for the district band contest.

Local patrons will be invited to a band concert in the high school gymnasium Tuesday, April 26 at 8 p. m.

On April 27 at the Yoe assembly program, the Temple Junior College Choir will be heard at 10:30 a. m.

The Senior class is presenting its annual play Friday, April 29 in the Yoe auditorium at 8 p. m. under the direction of Mrs. C. L. Canady.

Waco will be the site of the band contest this year on April 30.

On May 7 many of the Yoe FFA and 4-H students will participate in the chamber of Commerce Poultry Show.

May 12 has been declared Yoe Day. On this day students pay homage to Mr. and Mrs. C. H. Yoe, the founders of the school.

Also on May 12 the Senior Class will be honored at the annual Junior-Senior Banquet and Prom.

Senior Day this year will be observed on May 13.

The final event of the school program will be on May 29 and 30 when baccalaureate and graduation will be held.

600 Attend Wilson Produce Open House

Wilson Produce Co. held an open house Saturday, April 16. About 600 people registered during the day.

They were served coffee, Cokes, and cookies while the children received candy, balloons, pencils, and soft drinks.

Earl Rasch of Sunglo Mills, Sherman and Jack Russell a Swift Fertilizer special representative assisted the regular employees in the celebration. Bassel Wilson said the day was a big success and that he was well pleased with so many friends calling during the day.

The winners of the twenty six prizes for the day were as follows: Charlie Young, Gause; Joe B. Richardson, Cameron; Milton Daniels, Buckholts; Mrs. D. A. Wilkingsham, Davilla; Dorothy Hargrove, Cameron; R. Kamenich, of Cameron all won large sacks of Brimm fertilizer.

The following won bags of Sunglo Feed as their prizes: G. C. Crook, Herman Reineke, Mrs. Wm F. North; James Richardson, A. L. Chapman, Mrs. Otis Gooch, W. M. Mowdy, Mrs. L. A. Lucko, Mrs. Joe Trdy, Mrs. Q. L. Cryer, Erwin Prokisch, Mrs. Ike Ditto, W. M. Brown, A. J. Hildebrandt, Robert Glazer Jr., all of Cameron and Mrs. Amy E. Dykes of Rockdale, A. R. Kohring, Rosebud; J. E. Payen and Mr. Clyde Williams of Gause.

The celebration was about the consolidation of Fairmont Foods with Wilson Produce Co. Wilson purchased Fairmont properties and business on March 3.

150 Attend FB Ladies Nite Meeting

Over 150 members, their wives and families were present at the Milam County Farm Bureau ladies night meeting in the Yoe High School Thursday night.

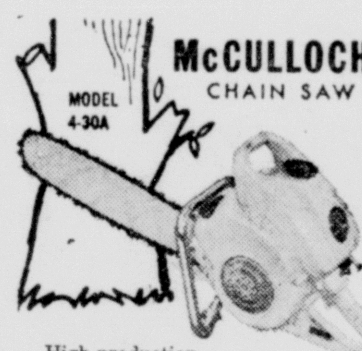

Main portion of the program was a series of demonstrations by Francil McWhirter, Home Service Department of Texas Power and Light Company. She conducted a demonstration on cooking an entire meal on one burner of an electric stove and showed what an asset the electric timer and the deep well can be.

Next she demonstrated how to make a lamp by putting a new type connection on a bottle and making an effective light without drilling any hole in the base. The new type fixture has a cord which comes out to the side of the container, making it possible for the average housewife to make lamps out of almost any conceivable object.

Mr. Ford, also with TP&L then made a short talk on the importance of correct lighting. He pointed out that when anyone is considering building a home they should have a detailed plan of electrical outlets making certain there would be no overloading of wires in the future.

The meeting was presided over by John A. Smith, Jr. with S. W. McClaren, director of district eight reporting on a recent trip to St. Louis in connection with service for Farm Bureau members.

Table manners: When in doubt whether to use the fork or spoon, use the knife and remove all doubt.

Mrs. R. L. Batte Sr. Elected Head Of 7th U.D.C. District

The 7th District meeting of The United Daughters of the Confederacy was held in the Brown Library at Rosebud on Friday, April 22.

Mrs. C. C. Countess of Belton, chairman of the District presided and she introduced the speaker, Mrs. Helen Ramsey, State President, from Houston.

The Cameron Chapter was asked

to conduct the memorial service and Mrs. R. L. Batte, Sr. paid tribute to a deceased member, Mrs. Carl Black.

Mrs. Stidham read two of Mrs. Batts poems "Southern Soldiers" and "Jefferson Davis"

Miss Colleen Hannon of Mary-Harden Baylor College sang a selection of songs. Miss Hannon is the student winner of the scholarship sponsored by the District UDC Organization last year.

Flag bearers were selected from the Cameron chapter and Mrs. Ramsey gave an interesting and informative lecture. A noon luncheon was served and business resumed. Mrs. Batte was elected chairman of 7th District for the next year and Mrs. Laugdon assisted.

Mrs. Grady Stidham served on the committee of Resolutions for the day. Cameron was selected as the meeting place in 1956.

Members attending from Cam

eron chapter were Mrs. Lina Kemp Mrs. T. E. Crump, Mrs. R. L. Batte, Sr., Mrs. R. G. Stidham and Mrs. Erma Langdon.

ALCOA FIRE —

first aid treatment and were later released, were Robert Lee Ahndt of Lexington, Billy Joe North of Rockdale, Albert Benjamin Chaffin of Chriesman, Elo John Jurek of Sumerville and Bowen Charles Sims of Tanglewood.

Billy Joe North of the Mechanical Maintenance Department, who was injured in the fire, said that although he was standing right there at the time, at the Ingot Machine, the fire started so suddenly he couldn't be sure what caused it.

The machine which caused the fire is a comparatively new Ingot machine which was out of operation and being repaired. North stated that the machine was located

in a pit with oil covering the floor which aided and abetted the fire once it got started.

"It started with a small explosion and a flash fire which completely burned the clothes off Mr. Frosch," North reported, "who was standing on the machine."

He added that Frosch did get off the machine and was down on his hands and knees on the floor with two men trying to put out the flames of his clothes when the second flash occurred and sent everyone scurrying outside the building for their own safety.

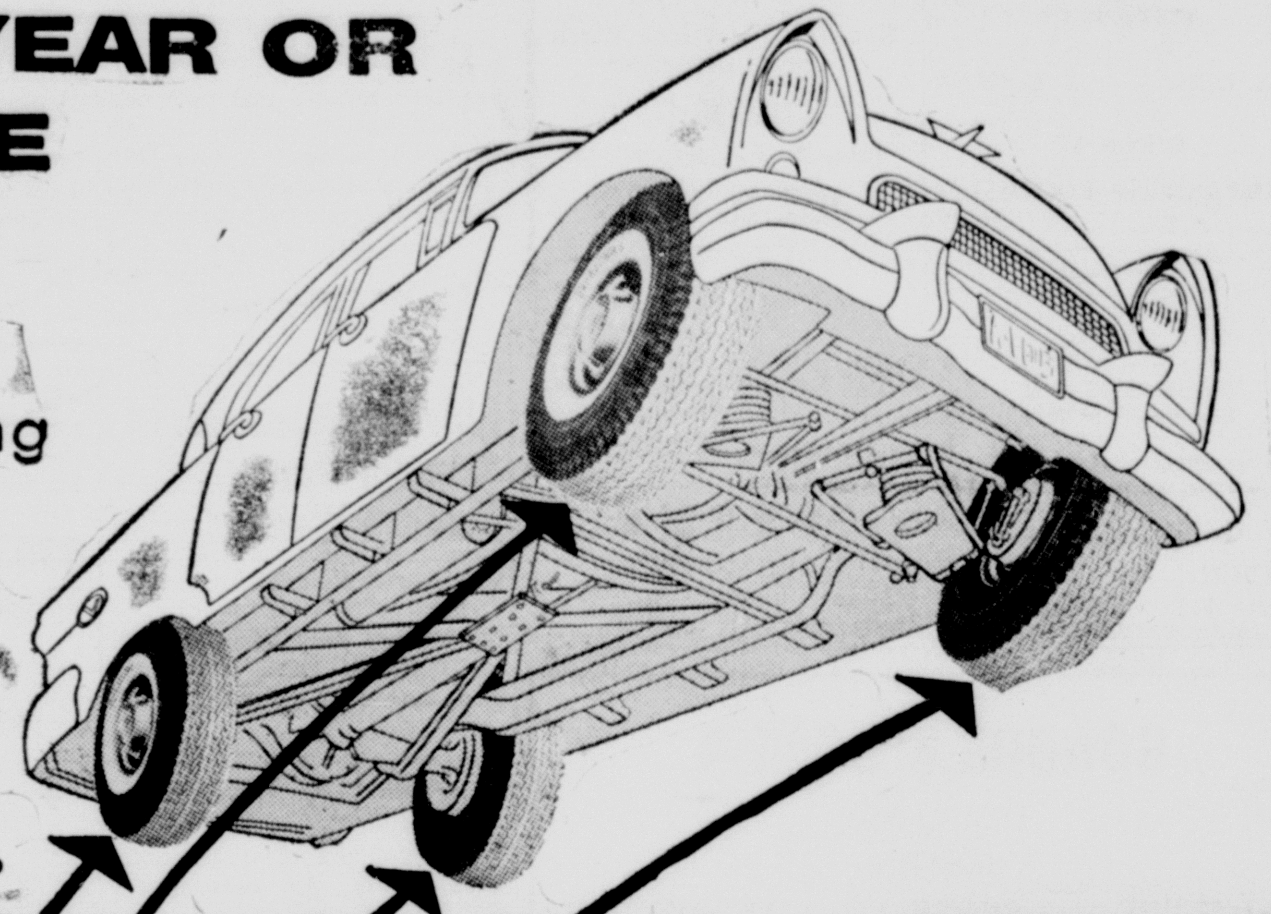

Operations at the plant, officials stated, will continue as usual, with the Metal Department temporarily set up in other quarters.

Mr. and Mrs. J. C. Marek were business visitors in Temple Tuesday morning.

Firestone DeLuxe Champion Tubeless Tires

THE ORIGINAL EQUIPMENT TIRE ON FINEST 1955 CARS

AMAZING OFFER

We'll Buy All the
Unused Mileage in
Your Present Tires
When You Trade for
New Firestone
DeLuxe Champions.

BLOWOUT PROTECTION

There's no tube to pinch or explode! Inside this tire there's a Safety-Liner, which holds air, and reinforces the tire in the event it should be injured ... instead of a dangerous blowout you get a harmless slow leak. You drive relaxed, with greater peace of mind.

PUNCTURE PROTECTION

If a nail, or any sharp object should penetrate this tire, the Safety-Liner grips it and slows the air loss ... No sudden flat tires, no need to change flats on the road, instead the Firestone DeLuxe Champion Tubeless enables you to drive to the nearest service station.

SILENT-RIDE SAFETY-GRIP TREAD

SKID PROTECTION ... Newly designed silent tread has 70% more angles and skid-protecting edges than ordinary tires.

QUIETER RUNNING ... Won't squeal even on sharpest turns. No hum or whine because tread elements overlap to prevent rhythmic vibration.

SAFETY-TENSIONED GUM-DIPPING

Firestone's new cord treating factory combines the famous Firestone Gum-Dipping process with Safety-Tensioning, a new process which takes the stretch out of tire cords, prevents dangerous tread cracking. The result is greater blowout protection and longer tire life.
